Few travelers find their way to this stretch of British Columbia, where the hills are covered in vines, the lake stretches for miles in both directions, and the pace finally slows down.

Summerland Waterfront Resort & Spa is where that discovery becomes a stay worth building an itinerary around.

## Two Seasons ONE DESTINATION

### BLOSSOMS & BLOOMS

APRIL - MAY

Orchards in bloom, vineyard roads coming to life, early winery tastings, and the valley almost entirely to themselves.

### HARVEST

SEPTEMBER - NOVEMBER

### OPEN YEAR-ROUND

The shoulder season from October through May is the Okanagan at its most unhurried. Ideal for guests who want to savour the valley rather than simply pass through.
